FINANCIAL STATISTICS
CANADIAN MUNICIPAL GOVERNMENTS

THIRTY-SECOND YEAR OF PUBLICATION - 1951 ISSUE

FOREWORD

The Institute presents herewith the Thirty-second Issue of *Financial Statistics — Canadian Municipal Governments*. The aim has been to provide figures that are comparable with those given in previous issues of the "Red Book" and that permit comparison between individual municipalities.

The publication is issued in loose-leaf form and when completed will give statistics for all urban municipalities with a population over 400 with the exception of those in the Province of Quebec. Due to the difficulty in gathering some of the required information, complete coverage can only be provided for the larger cities in this Province. Other statistics on Quebec municipalities in the Institute's files will be given out on request. Statistics for counties in Ontario and the Maritimes as well as for some rural municipalities in Western Canada are also given.

Many of the statistics given in this publication have already gone out to subscribers in mimeographed form. This rush-release service has been developed to provide subscribers with statistics for the larger municipalities as the information is received and analyzed in advance of publication of the "Red Book." In addition, subscribers are invited to write to the office of the Institute for the latest information in the Institute files. Toronto subscribers may make inquiries by telephone by calling RAndolph 5444.

Many of our subscribers have been receiving our publication for a number of years, and are familiar with the layout of the material. For the benefit of new subscribers, however, the general pattern is as follows. Urban municipalities have been segregated into three population categories — (1) over 10,000, (2) 2,000–10,000, and (3) 400–2,000. Starting with category (1) British Columbia municipalities are shown on the opening page and then, progressing eastward, the centres in the other provinces are listed. This is done with each population grouping. Rural municipalities are placed between category (2) and (3), and the final page carries data on municipalities in the most easterly province, Newfoundland. For your convenience, we have indexed the information by provinces in addition to the regular index by municipalities.

The Institute wishes to express its appreciation of the excellent co-operation received from municipal treasurers and clerks, school treasurers and the provincial governmental departments concerned with municipal and school statistics in the supplying of these data. It also wishes to thank its subscribers for their continued support.

(a) STANDARD DEBENTURE DEBT, MUNICIPALITIES 10,000 OR OVER, $200 PER CAPITA

(T.) Town.

(C.) Catholic only.

(*S*) Surplus.

(*D*) Deficit.

* Figures not available.

† Total for local improvements.

¶ See school districts, page 9. Schools are administered by separate bodies, and the fiscal year of the school district and municipality do not coincide. Quebec school taxes, debenture debts and sinking funds included with municipal figures only in order to make an approximate comparison with cities of other provinces.

(1) Includes $74,970 housing loan from the Province of Quebec and $15,000 waterworks notes due 1962.

(2) Includes $139,110 housing loan from the Province of Quebec.

(3) Total debt of Protestant School Board of Greater Montreal.

(4) In addition, City is jointly responsible with the other municipalities under the Montreal Metropolitan Commission for the debts incurred by the Commission. As at December 31, 1950, the unmatured debt of the Commission and the municipalities under its control stood at $22,089,200. Montreal's share of this debt, based on the valuation of immovables — 1950–51, was 77.278%. Loans guaranteed for the Hospital St. Luc amount to $848,100.

(b) AND NOT INCLUDED IN TOTAL GROSS DEBENTURE DEBT

(5) Loan from the Montreal Metropolitan Commission.

(6) Excludes $237,213 surplus over actuarial requirements.

(7) Includes working capital fund of $25,000, of which $11,630.59 due by revenue fund.

(8) Excludes $1,544,000 unsold bonds.

(9) Excludes $537,357 surplus over actuarial requirements of sinking fund and $393,950 against unsold bonds.

(10) Consolidated capital advances from Montreal Metropolitan Commission.

(*S*) Surplus. (*D*) Deficit.

(*a*) Standards used for urban municipalities do not apply; therefore figures have not been put on a per capita basis.

(*b*) Area, population and assessment do not include municipalities separate from the county (cities and separated towns).

(*c*) At assessor's value. This property is liable for taxation by the township, village or town within whose limits it lies.

(*d*) These taxes are levied on the various municipalities within the county and not directly on individuals.

(*e*) As county rates need not be paid until December 20, after which date interest is charged, it frequently happens that a considerable amount of taxes unpaid at December 31 may be paid at a date early in the next year.

(*f*) As far as can be ascertained, none of these debts are for public utilities.

(1) Provisional county.

(2) Includes $77,874 assumed by City of Ottawa.

(3) Excludes $33,071 surplus over actuarial requirements.

(4) Not including Town of Eastview.

(5) Not including Town of Orangeville.
